

ASSUMPTION OF RISK AND OTHER COVID-19 INFORMATION

The novel coronavirus, COVID-19, has been declared a worldwide pandemic by the World Health Organization. COVID-19 is extremely contagious and is believed to spread mainly from person-to-person contact. If contracted, COVID-19 can cause serious illness or death.

The health and well being of our students, families, and our teachers are especially important to us. In accordance with the Center of Disease Control and Prevention and other state and local agencies, Montessori Country Day (the “School”) has implemented a number of safety measures. Our teachers are required to complete a questionnaire disclosing any COVID-19 symptoms or exposure each day. We are requiring our teachers to wear masks, social distance, and engage in frequent hand washing while on our premises.

While at our school we ask that all parents and guardians follow our health precautions. Parents and guardians are always expected to wear a mask while on the School’s premises. Before allowing children to enter the School, parents and guardians will be required to complete a COVID-19 questionnaire, on behalf of themselves and their child, similar to the one completed by our employees. If a parent or guardian answers “yes” to any of the questions in the questionnaire, the student, parent, and/or guardian will be required to leave the School’s premises and the student will temporarily be unable to attend the School. The School is also complying with the Center for Disease Control and Prevention’s and other state and local agencies’ safety recommendations related to students attending the School.

Although we have put the recommended health precautions in place, we cannot guarantee that the School and our premises are virus free. Your child’s attendance at the School could increase you or your child’s chance of contracting COVID-19.

By signing below and having your child attend the School, you acknowledge and voluntarily assume, on behalf of yourself and/or your child, the associated risks that you or your child may be exposed to or infected by COVID-19, including but not limited to any risk of injury, illness, permanent disability, or death due to COVID-19.

If you have any questions or concerns about the School’s safety precautions, please do not hesitate to contact us.
